

Paints

The SAME range.

SAME

THE SAME RANGE OF ORIGINAL PAINTS

SAME original paints provide excellent durability and a perfect colour and gloss match.

SAME's product range satisfies all professional painting requirements.

SAME colours are available in tins or spray cans for all types of application.

The products available also include a specific temperature resistant enamel for the exhaust pipes.

The technical specifications imposed by the original manufacturing specifications ensure not only the correct colour shade, but also the right degree of gloss of each paint.

To repaint a SAME tractor, only trust original products.
